ABOUT

Ronnie Fryar is a stand-up comedian, storyteller, and creator who believes the best comedy comes from real life. A marketer, father, entrepreneur, and comedian, Ronnie built his career by turning life's hardest moments into laughter — honest storytelling, quick crowd work, and the awkward, hilarious moments that connect us all.

After producing comedy shows across South Texas and founding Corpus Christi Comedy, Ronnie took the biggest gamble of his life — leaving stability behind to move to Austin and pursue stand-up full-time. That journey led him to the world-famous Kill Tony stage. Now back home in Corpus Christi, Ronnie is a full-time single dad chasing his comedy career one show and one bedtime at a time. He is the author of “How to Be a Killer: A Real Life Dramedy,” available now on Amazon.
